INTERNSHIPS

Full Stack Developer Intern   Sep 2024 - present
aiRender Technology Pvt. Ltd.   *Bengaluru, Karnataka*

- Currently working on an application for the patients to virtually consult the doctor to diagnose their conditions.

Web Developer Intern   Oct 2023 - Nov 2023
GlowTouch Technologies Pvt. Ltd.   *Mangaluru, Karnataka*

- Developed a full-stack web app 'SmartStitch', designed for the clients of tailors to ease their tailoring process.

Salesforce Administrator Virtual Internship   Oct 2023 - Nov 2023
Certified by SmartInternz   *Virtual Internship*

- This internship helped me gain hands-on experience in managing and configuring the Salesforce platform.

CERTIFICATIONS

- **TechA Blockchain Developer Certification**   July 2024
  Certified in TechA Blockchain Development from Infosys Springboard, demonstrating proficiency in blockchain technologies, smart contract development, and Hyperledger Fabric administration.

PROJECTS

- **B-LOCK: A Blockchain based e-vault application**, is an application designed to securely store and manage files using Blockchain Technology with React JS as the front-end technology.

- Developed a full-stack banking web application with Django, featuring secure fund transfers, bill payments, and transaction history tracking.

- Worked as a freelancer on a **WordPress site** built using **Elementor** for a UAE-based company that delivers POS solutions. I contributed towards the implementation of **ContactForm7** plugin integration.

- **SmartStitch: A smart application for your tailoring needs**, eases the process of ordering tailor-made dresses. Clients can provide their measurements and place orders without the need to visit tailor in person.
